

GHA Invites You to Attend An Educational Program

Spotlight on Unaffected Siblings

Raising multiple kids can have plenty of ups and downs, especially if one child has a chronic condition like a bleeding disorder. Sometimes balancing the needs of the child without a bleeding disorder can be a challenge. This workshop empowers parents and caregivers with new tools to ensure that each child's needs are met.

Thursday, October 4, 2018

6:00 – 7:30 P.M.
